Dear MTA Retired Member:

A comprehensive dental insurance plan can be an important part of good oral health. That's why MTA Benefits offers retired members a choice of dental plans from MetLife.

MetLife's Preferred Dentist Program provides benefits for a broad range of covered services and the flexibility to visit any dentist, whether or not the dentist participates in the network. However, you will save more on out-of-pocket expenses if you visit a network dentist. You may purchase coverage for yourself or for you and your dependents. MetLife provides MTA's retirees with **two dental plan options**. Here is a brief overview of the two plans:

- **Basic:** This plan covers services as follows: Type A (preventative services such as cleanings and exams), Type B (basic services such as fillings) and Type C (crowns and dentures) at 80%/60%/40% respectively. The level of coverage is **lower for out-of-network services** under this plan than under the Enhanced plan. The annual benefit amount is \$1,500 per person.
- **Enhanced:** This plan offers the greatest coverage with the maximum benefits available for both in-network and out-of-network services. The plan covers Type A, B and C services at 100%/80%/50% respectively. The annual benefit amount is \$1,500 per person.

It's easy to enroll.

1. Select a plan, complete the enrollment form and attach a check for one month's premium as indicated by your plan selection. Be sure to retain a copy of the enrollment form for your records.
2. Mail the form and check to: *MetLife, Attention: MTA Administrator, 18205 Crane Nest Drive, Tampa, FL 33627.*
3. Completed forms and premium received by the 15th of the month will have a coverage effective date of the 1st of the proceeding month (i.e.: if received by July 15, coverage will begin August 1).

When submitting claims, your dentist will need to reference your social security number and the MTA Group # (TS 5138822). Please note that you will not be issued an ID card because they are not required with MetLife plans. For your convenience, we've outlined important contact information below.

Understanding Your Dental Benefits

The Preferred Dentist Program was designed to help you get the dental care you need and help lower your costs. You get benefits for a wide range of covered services – both in-and-out- of- network.

The goal is to deliver affordable protection for a healthier smile and a healthier you. You also get great service and educational support to help you stay on top of your care.

Freedom of choice to go to any dentist.

You have the flexibility to visit any dentist — your dentist — and receive coverage under the plan. Just remember that non-participating dentists haven't agreed to charge negotiated fees. So your out-of-pocket costs for out-of-network services may be higher than if you are treated by a network dentist.

If you prefer to stay in the network, there are thousands of general dentists and specialists to choose from nationwide—so you are sure to find one who meets your needs. Plus, all participating dentists have to go through a rigorous upfront and ongoing selection and review process. This way you don't need to worry about quality. You also don't need any referrals.

Additional savings¹ when you visit participating dentists.

Your out-of-pocket costs are usually lower when you visit network dentists. That's because they have agreed to accept negotiated fees that are typically 15 to 45% less than average dental charges in the same community. This may help lower your final costs and stretch your plan maximum. Negotiated fees may even extend to non-covered services and services provided after you've reached the plan maximum.¹

Service where and when you want it.

Managing your dental benefits is easy. We provide **more service – less paperwork – less worries.**

MyBenefits.com, your secure self-service website, is available 24/7.² You can use the site to get estimates on care or to check coverage and claim status.

Educational tools and resources.

The right dental care is an essential part of good overall health. That's why you and your dentist get a wealth of information and valuable tools, to help make informed decisions about your oral health. You'll find a range of helpful topics on our online dental education website, www.oralhealthlibrary.com. Read up on topics like family dental health, the link between dental and overall health, and kid's dental health. Plus, you can take risk assessments to better understand your personal risk for dental disease.

Understanding Your Dental Benefits (continued)

Your dental benefits plan includes several components that, when clearly understood, can help you use your benefits more effectively.

1. Coverage Types. Dental procedures are grouped into the following categories: Preventive (Type A), Basic Restorative (Type B), Major Restorative (Type C), and Orthodontia (Type D). Your group's plan determines how each procedure is categorized (Type A, B, C, D). Generally, benefits for Type A procedures paid at the highest benefits level because they prevent and diagnose dental disease.

Benefit Summary		
Coverage Type	In-Network (PDP):	Out-of-Network:
Type A – cleanings, oral examinations	XX% of PDP Fee	XX% of R&C Fee or XX% of PDP Fee
Type B – fillings	XX% of PDP Fee	XX% of R&C Fee or XX% of PDP Fee
Type C – bridges and dentures	XX% of PDP Fee	XX% of R&C Fee or XX% of PDP Fee
Type D – orthodontia	XX% of PDP Fee	XX% of R&C Fee or XX% of PDP Fee
Deductible:	In-Network	Out-of-Network
Individual	\$XX.XX	\$XX.XX
Family	\$XXX.XX	\$XXX.XX
Annual Maximum Benefit:	In-Network	Out-of-Network
Per Person	\$X,XXX	\$X,XXX
Orthodontia Lifetime Maximum:	In-Network	Out-of-Network
Per Person	\$X,XXX	\$X,XXX

2. Co-insurance. The co-insurance percentage helps determine what your out-of-pocket costs will be for each coverage type. Each Type – A, B, C, and D – has a pre-set percentage that represents what your plan will reimburse for the services in each category. Your total out-of-pocket responsibility is subject to any deductibles, benefit maximums, plan provisions, if you receive services out-of-network services and your plan's basis for reimbursement. **Please see your Dental Plan Benefits Summary for more information.**

3. Deductible. This is amount you must pay out-of-pocket before benefit payments will be made by the plan. For most plans, the deductible amounts for in-network services are less than the amount for out-of-network services. Many plans do not require a deductible be met for Type A services.

4. Annual Maximum Benefit. This is the total amount the plan will pay in the plan year. Once this amount is reached, no further benefits will be paid. However, you are still eligible to receive services at the negotiated (PDP) fees when visiting a participating dentist.

5. Orthodontia Lifetime Maximum. Not all plans cover Orthodontia Treatment. If your plan covers Orthodontia there is a Lifetime Maximum that is applicable only to Orthodontia. This does not affect your Annual Maximum Benefit for Types A, B and C coverages. The Lifetime Maximum is the total amount the plan will pay for orthodontic services for each covered person (subject to any plan age limitations). Once this amount is reached, no further benefits will be paid. However, you are still eligible to receive services at the negotiated fee amounts when visiting a participating dentist.

Understanding Your Dental Benefits (continued)

Putting it all together – maximizing the value of your dental benefits.

- Make the most of your benefits—visit a participating dentist to reduce your out-of-pocket costs.
- Keep a healthy dental regimen by getting routine exams and cleanings – the cost of preventive services (Type A) is usually less than the cost for fillings, root canals, extractions, etc. – and can help to prevent the incidence of these higher-cost treatments.
- Use the Dental Procedure Fee Tool, to look up the average charges for in-network and out-of-network services such as exams, cleanings, fillings, crowns, and more. This tool is accessible via the MyBenefits website².
- It is recommended that you request a pre-treatment estimate for services that cost more than \$300. The estimate will give you an idea of what your out-of-pocket costs will be. To receive a benefit estimate, have your dentist submit a request online at www.metdental.com or call 1-877-MET-DDS9 (phone number and website for dental professionals only).
- Visit the dental education website at www.oralhealthlibrary.com for important tools and resources to help you become more informed about dental care.

Remember, dental coverage can be an important part of your personal safety net. By using the educational tools and benefits made available to you through this plan, you'll be better prepared to protect your oral health and your budget.

1. Savings from enrolling in a dental benefits plan will depend on various factors, including the cost of the plan, how often participants visit the dentist and the cost of services rendered. Negotiated fees on non-covered services may not apply in all states.
2. With the exception of scheduled or unscheduled systems maintenance or interruptions, the MyBenefits.com website is typically available 24 hours a day, 7 days a week.
3. The Dental Procedure Fee Tool application is provided by go2dental.com. Inc. an independent vendor. Network fee information is supplied to go2dental.com by MetLife and is not available for providers who participate with MetLife through a vendor. Out-of-network fee information is provided by go2dental.com. The tool does not provide the payment information used by MetLife when processing your claims. Prior to receiving services, pretreatment estimates through your dentist will provide the most accurate fee and payment information.

Like most group benefits programs, benefit programs offered by MetLife and its affiliates contain certain exclusions, exceptions, reductions, limitations, waiting periods and terms for keeping them in force. Please contact MetLife or your plan administrator for costs and complete details.

Important Coverage Information

Predetermination of Benefits

If requested MetLife will provide a pre-treatment estimate of benefits for recommended treatments that exceed \$300. This service helps you better understand your coverage. A pre-treatment estimate of benefits explains which recommended procedures are covered and at what amount. You should submit the treatment plan to MetLife for review and pre-treatment estimate determination of benefits before receiving the services. Please note that these are estimates only and final benefit determinations will be made based on the deductibles and maximums, eligibility and other plan provisions when services are actually performed as reflected in the claim submitted.

Alternate Benefit

If MetLife determines that a service, less costly than the Covered Service the Dentist performed could have been performed to treat a dental condition benefits will be paid based upon the less costly service if such service (i) would meet generally accepted dental standards; and (ii) would qualify as a Covered Service.

Cancellation/Termination

Coverage is subject to the terms and provisions of the Group Policy (FormGPN99-ASSN) and certificates of insurance (Form G2300-CERT.-1) issued to each insured member. In any state exercising extraterritorial jurisdiction, the plan will be modified to meet applicable laws.

INTERMEDIARY AND PRODUCER COMPENSATION NOTICE

MetLife enters into arrangements concerning the sale, servicing and/or renewal of MetLife group insurance and certain other group-related products ("Products") with brokers, agents, consultants, third-party administrators, general agents, associations, and other parties that may participate in the sale, servicing and/or renewal of such Products (each an "Intermediary"). MetLife may pay your Intermediary compensation, which may include base compensation, supplemental compensation and/or a service fee. MetLife may pay compensation for the sale, servicing and/or renewal of Products, or remit compensation to an Intermediary on your behalf. Your Intermediary may also be owned by, controlled by or affiliated with another person or party, which may also be an Intermediary and who may also perform marketing and/or administration services in connection with your Products and be paid compensation by MetLife.

Base compensation, which may vary from case to case and may change if you renew your Products with MetLife, may be payable to your Intermediary as a percentage of premium or a fixed dollar amount. In addition, supplemental compensation may be payable to your Intermediary. Under MetLife's current supplemental compensation plan, the amount payable as supplemental compensation may range from 0% to 7% of premium. The supplemental compensation percentage may be based on: (1) the number of Products sold through your Intermediary during a prior one year period; (2) the amount of premium or fees with respect to Products sold through your Intermediary during a prior one-year period; (3) the persistency percentage of Products in force through your Intermediary during a prior one-year period; (4) a fixed percentage of the premium for Products as set by MetLife. The supplemental compensation percentage will be set by MetLife prior to the beginning of each calendar year and it may not be changed until the following calendar year. As such, the supplemental compensation percentage may vary from year to year, but will not exceed 7% under the current supplemental compensation plan.

The cost of supplemental compensation is not directly charged to the price of our Products except as an allocation of overhead expense, which is applied to all eligible group insurance products, whether or not supplemental compensation is paid in relation to a particular sale or renewal. As a result, your rates will not differ by whether or not your Intermediary receives supplemental compensation. If your Intermediary collects the premium from you in relation to your Products, your Intermediary may earn a return on such amounts. Additionally, MetLife may have a variety of other relationships with your Intermediary or its affiliates that involve the payment of compensation and benefits that may or may not be related to your relationship with MetLife (e.g., consulting or reinsurance arrangements).

More information about the eligibility criteria, limitations, payment calculations and other terms and conditions under MetLife's base compensation and supplemental compensation plans can be found on MetLife's Web site at www.metlife.com/brokercompensation. Questions regarding Intermediary compensation can be directed to ask4met@metlifeservice.com, or if you would like to speak to someone about Intermediary compensation, please call (800) ASK 4MET. In addition to the compensation paid to an Intermediary, MetLife may also pay compensation to your MetLife sales representative. Compensation paid to your MetLife sales representative is for participating in the sale, servicing, and/or renewal of Products, and the compensation paid may vary based on a number of factors including the type of Product(s) and volume of business sold. If you are the person or entity to be charged under an insurance policy or annuity contract, you may request additional information about the compensation your MetLife sales representative expects to receive as a result of the sale or concerning compensation for any alternative quotes presented, by contacting your MetLife sales representative or calling (866) 796-1800.

Like most group benefit programs, benefit programs offered by MetLife and its affiliates contain certain exclusions, exceptions, waiting periods, reductions, limitations and terms for keeping them in force. Please contact MetLife or your plan administrator for complete details.

For the purposes of this provision, the terms "Referral," "Health Care Practitioner," "Health Care Entity," "Beneficial Interest," and "Compensation Agreement" have the same meaning as provided in Section 1-301 of the Maryland Health Occupations Article.

For MTA members residing in Georgia, Louisiana, Mississippi or Texas, this plan is not available.

The benefit categories, plan provisions, limitations and exclusions described in this brochure represent an overview of Plan Benefits. This document is not a complete description of a Plan. Important Coverage Information

Predetermination of Benefits

MetLife will provide a pre-treatment estimate of benefits for recommended treatments that exceed \$300. This service helps you better understand your coverage. A pre-treatment estimate of benefits explains which recommended procedures are covered and at what amount. You should submit the treatment plan to MetLife for review and pre-treatment estimate determination of benefits before receiving the services. Please note that these are estimates only and final benefit determinations will be made based on the deductibles and maximums, eligibility and other plan provisions when services are actually performed as reflected in the claim submitted.

Alternate Benefit

If MetLife determines that a service, less costly than the Covered Service the Dentist performed could have been performed to treat a dental condition benefits will be paid based upon the less costly service if such service (i) would meet generally accepted dental standards; and (ii) would qualify as a Covered Service.

Cancellation/Termination

Coverage is subject to the terms and provisions of the Group Policy (FormGPN99-ASSN) and certificates of insurance (Form G2300-CERT.-1) issued to each insured member. In any state exercising extraterritorial jurisdiction, the plan will be modified to meet applicable laws.

INTERMEDIARY AND PRODUCER COMPENSATION NOTICE

MetLife enters into arrangements concerning the sale, servicing and/or renewal of MetLife group insurance and certain other group-related products ("Products") with brokers, agents, consultants, third-party administrators, general

agents, associations, and other parties that may participate in the sale, servicing and/or renewal of such Products (each an "Intermediary"). MetLife may pay your Intermediary compensation, which may include base compensation, supplemental compensation and/or a service fee. MetLife may pay compensation for the sale, servicing and/or renewal of Products, or remit compensation to an Intermediary on your behalf. Your Intermediary may also be owned by, controlled by or affiliated with another person or party, which may also be an Intermediary and who may also perform marketing and/or administration services in connection with your Products and be paid compensation by MetLife.

Base compensation, which may vary from case to case and may change if you renew your Products with MetLife, may be payable to your Intermediary as a percentage of premium or a fixed dollar amount. In addition, supplemental compensation may be payable to your Intermediary. Under MetLife's current supplemental compensation plan, the amount payable as supplemental compensation may range from 0% to 7% of premium. The supplemental compensation percentage may be based on: (1) the number of Products sold through your Intermediary during a prior one year period; (2) the amount of premium or fees with respect to Products sold through your Intermediary during a prior one-year period; (3) the persistency percentage of Products in force through your Intermediary during a prior one-year period; (4) a fixed percentage of the premium for Products as set by MetLife. The supplemental compensation percentage will be set by MetLife prior to the beginning of each calendar year and it may not be changed until the following calendar year. As such, the supplemental compensation percentage may vary from year to year, but will not exceed 7% under the current supplemental compensation plan.

The cost of supplemental compensation is not directly charged to the price of our Products except as an allocation of overhead expense, which is applied to all eligible group insurance products, whether or not supplemental compensation is paid in relation to a particular sale or renewal. As a result, your rates will not differ by whether or not your Intermediary receives supplemental compensation. If your Intermediary collects the premium from you in relation to your Products, your Intermediary may earn a return on such amounts. Additionally, MetLife may have a variety of other relationships with your Intermediary or its affiliates that involve the payment of compensation and benefits that may or may not be related to your relationship with MetLife (e.g., consulting or reinsurance arrangements).

More information about the eligibility criteria, limitations, payment calculations and other terms and conditions under MetLife's base compensation and supplemental compensation plans can be found on MetLife's Web site at www.metlife.com/brokercompensation. Questions regarding Intermediary compensation can be directed to ask4met@metlifeservice.com, or if you would like to speak to someone about Intermediary compensation, please call (800) ASK 4MET. In addition to the compensation paid to an Intermediary, MetLife may also pay compensation to your MetLife sales representative. Compensation paid to your MetLife sales representative is for participating in the sale, servicing, and/or renewal of Products, and the compensation paid may vary based on a number of factors including the type of Product(s) and volume of business sold. If you are the person or entity to be charged under an insurance policy or annuity contract, you may request additional information about the compensation your MetLife sales representative expects to receive as a result of the sale or concerning compensation for any alternative quotes presented, by contacting your MetLife sales representative or calling (866) 796-1800.

Like most group benefit programs, benefit programs offered by MetLife and its affiliates contain certain exclusions, exceptions, waiting periods, reductions, limitations and terms for keeping them in force. Please contact MetLife or your plan administrator for complete details.

Our Privacy Notice

We know that you buy our products and services because you trust us. This notice explains how we protect your privacy and treat your personal information. It applies to current and former customers. "Personal information" as used here means anything we know about you personally.

Plan Sponsors and Group Insurance Contract Holders

This privacy notice is for individuals who apply for or obtain our products and services under an employee benefit plan, or group insurance or annuity contract. In this notice, "you" refers to these individuals.

Protecting Your Information

We take important steps to protect your personal information. We treat it as confidential. We tell our employees to take care in handling it. We limit access to those who need it to perform their jobs. Our outside service providers must also protect it, and use it only to meet our business needs. We also take steps to protect our systems from unauthorized access. We comply with all laws that apply to us.

Collecting Your Information

We typically collect your name, address, age, and other relevant information. We may also collect information about any business you have with us, our affiliates, or other companies. Our affiliates include life, car, and home insurers. They also include a bank, a legal plans company, and securities broker-dealers. In the future, we may also have affiliates in other businesses.

How We Get Your Information

We get your personal information mostly from you. We may also use outside sources to help ensure our records are correct and complete. These sources may include consumer reporting agencies, employers, other financial institutions, adult relatives, and others. These sources may give us reports or share what they know with others. We don't control the accuracy of information outside sources give us. If you want to make any changes to information we receive from others about you, you must contact those sources.

Using Your Information

We collect your personal information to help us decide if you're eligible for our products or services. We may also need it to verify identities to help deter fraud, money laundering, or other crimes. How we use this information depends on what products and services you have or want from us. It also depends on what laws apply to those products and services. For example, we may also use your information to:

- administer your products and services
- process claims and other transactions
- perform business research
- confirm or correct your information
- market new products to you
- help us run our business
- comply with applicable laws

Sharing Your Information With Others

We may share your personal information with others with your consent, by agreement, or as permitted or required by law. For example, we may share your information with businesses hired to carry out services for us. We may also share it with our affiliated or unaffiliated business partners through joint marketing agreements. In those situations, we share your information to jointly offer you products and services or have others offer you products and services we endorse or sponsor. Before sharing your information with any affiliate or joint marketing partner for their own marketing purposes, however, we will first notify you and give you an opportunity to opt out.

Other reasons we may share your information include:

- doing what a court, law enforcement, or government agency requires us to do (for example, complying with search warrants or subpoenas)
- telling another company what we know about you if we are selling or merging any part of our business
- giving information to a governmental agency so it can decide if you are eligible for public benefits

- giving your information to someone with a legal interest in your assets (for example, a creditor with a lien on your account)
- giving your information to your health care provider
- having a peer review organization evaluate your information, if you have health coverage with us
- those listed in our “Using Your Information” section above

HIPAA

We will not share your health information with any other company – even one of our affiliates – for their own marketing purposes. If you have dental, long-term care, or medical insurance from us, the Health Insurance Portability and Accountability Act (“HIPAA”) may further limit how we may use and share your information.

Accessing and Correcting Your Information

You may ask us for a copy of the personal information we have about you. Generally, we will provide it as long as it is reasonably retrievable and within our control. You must make your request in writing listing the account or policy numbers with the information you want to access. For legal reasons, we may not show you anything we learned as part of a claim or lawsuit, unless required by law.

If you tell us that what we know about you is incorrect, we will review it. If we agree, we will update our records. Otherwise, you may dispute our findings in writing, and we will include your statement whenever we give your disputed information to anyone outside MetLife.
