

# Using hotel loyalty programs with Hotel Engine

## Travel just got much more rewarding

Get the rewards you deserve every time you book with Hotel Engine! In addition to earning HE Rewards points to redeem toward discounted or free nights on our platform, you can also accrue brand-specific loyalty points. By connecting programs like Marriott Bonvoy, Hilton Honors, IHG and more, you'll earn points on those accounts each time you book an eligible property with us.

## Connecting your accounts

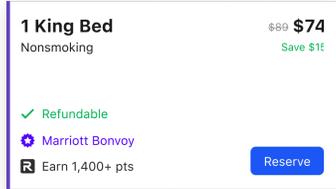

Using your hotel loyalty programs is easy when booking through Hotel Engine. Just be sure to follow these steps before making a reservation:

1. Log on to Hotel Engine and click your initials in the top right corner, then select *My Settings*.
2. Select *Hotel Loyalty Program* from the options on the left.
3. Click *Add Program*, then scroll through the available options.
4. Select your program and enter your loyalty account number.
5. Repeat as needed — you can store multiple programs in your account.

## Accruing loyalty points

After you've connected your loyalty programs to your account, you're set! The next time you book an eligible property, your loyalty number will be automatically added at checkout.
